[Company Name] Reduces  
Emissions through the Natural  
Gas STAR Program

Company Logo Here

[Company name] is actively working to protect our environment while providing you with the highest quality natural gas service possible. To help fulfill our commitment to a clean and healthy environment, [Company name] has partnered with the U.S. Environmental Protection Agency's (EPA's) Natural Gas STAR Program to reduce methane emissions.

## BACK

Methane is the main component of natural gas, a clean-burning, low-pollution fuel. EPA's Natural Gas STAR Program promotes cost-effective ways to identify and repair methane leaks. Minimizing these leaks not only helps protect our environment, but also results in cost savings that are passed on to our customers through lower utility bills.

[Company name]'s most important goal is to meet your energy needs without adversely affecting our environment. More information about [Company name]'s environmental programs can be found at [www.xxxxxx.com/xxxxx](http://www.xxxxxx.com/xxxxx). For more information about Natural Gas STAR, visit the Program's Web site at [www.epa.gov/gasstar](http://www.epa.gov/gasstar).
